Remarks

- (1) All quantities shall be rounded off to 2 decimal places.
- (2) off-site outlets include other construction sites but excludes public fill and land fill.
- (3) Quantity of total C&D Materials to public [column (L)] shall match the data recorded in the trip-tickets concerned.
- (4) Quantity of total C&D Materials to land fill [column (M)] shall match the data recorded in the trip-tickets concerned.
- (5) Quantity of column (N) could be worked out by the assumption of '5m³ per truck load' registered under the trip-ticket system.
