All quantities shall be rounded off to 2 decimal places.  
 off-site outlets' include other construction sites but excludes public fill and land fill.  
 Quantity of total C&D Materials to public [column (L)] shall match the data recorded in the trip-tickets concerned.  
 Quantity of total C&D Materials to land fill [column (M)] shall match the data recorded in the trip-tickets concerned.  
 Quantity of column (N) could be worked out by the assumption of '5m<sup>3</sup> per truck load' registered under the trip-ticket system.
